Jasper Gentry and wife, former Earlington people, but now of Dawson Springs, lost their baby last week. It was a boy in its second summer. The funeral was on Saturday. We extend our sympathy.

Our friend, George Helsey, now of St. Charles, was in to see us Tuesday, and went home in the storm. However, he is now in the saw mill business and has a pond to be filled, so he didn't mind the wetting.

Mr. J. T. McGregor and family visited Mr. W. T. Neal's farm the other Sunday and report that erstwhile Earlingtonian rolling in the lap of fortune. His crops are fine and had been laid by, so that he hadn't much to do except to contemplate his prosperity.

The Assembly Hall is brilliantly lighted now with incandescent electric lights, twenty-six in number. It was as bright as the noonday, on Sunday evening at Christmas Endeavor and the services held by Rev. C. C. Hall. The lights were giving at least twenty candle power, so that the total exceeded 500 candle power with all lamps burning.

Mr. L. H. O'Brien, in his capacity as foreman of the L. & N. shops here, thinks that the flooding rain of Tuesday afternoon was more effective than a pronouncement from the City Health Officer, backed up by the August City Council, one of whom he is. Certain unsanitary conditions in that neighborhood could only be corrected by a paved sewer or a flood, and the flood came.

LOUISVILLE CONFERENCE

M. E. Church, South to Convene in Louisville, Sept. 21.

The fifty-third session of the Methodist Episcopal Church, South, will convene in the Chestnut Street Methodist Church between Eighth and Ninth streets in Louisville on Wednesday September 21. It will continue in session till the following Monday. Bishop J. C. Granberry, of Virginia, will preside. There are about 160 ministers in the Louisville Conference, all of whom will be subject to change of labor by the deliberations of that body.

Clean Up!

The last meeting of the Earlington City Council instructed City Marshal Barnett to make a canvas of the town and see that all nuisances were abated. Attention was also called to certain pavements in the city that have been allowed, by property owners, to grow up with weeds so that ladies cannot pass without soiling their skirts or getting them wet after a rain or dew.

The season of danger from serious illness is upon us and all good citizens will recognize the necessity of making their premises above reproach at once without even awaiting the visit of the officer whose duty it is to look into the matter.

Let's all clean up and avoid sickness.

Home on a Forlough.

Billy Hewlett, who is a member of Company A, from Madisonville, arrived home Monday afternoon from Lexington, on a thirty day's forlough. Billy has been sick for a few weeks, and is still feeling weak, but is able to be up. He feels very grateful toward Captain Burchfield for the attention and kindness shown him while sick in camp. He thinks the Third will be sent to Cuba.

Billy, always a favorite in Company A, has been a regimental hero since he knocked out the bully of the Regiment who had cussed out everything else and went to the kitchen department to complain of the cooking and cuss out the "bad man from Company A."

The Picnic.

The picnic and barbecue was held last Saturday as advertised. Hon. John W. Lockett, of Henderson, and Mayor W. F. Burr, of Earlington, were the speakers of the day, and their hearers were greatly entertained.

There was the usual good barbeque dinner, the refreshment stands, etc. Aside from other things there was a merry-go-round and a picture gallery on the grounds, both of which were patronized by the picnickers.

An enjoyable moonlight picnic ended the day. A number of young people were out from Madisonville and elsewhere.

Guthrie Fair.

The Guthrie fair and races will be held in that town October 19 to 22. The large purses offered are attracting horsemen from all over the country and many fast horses have already been entered. Guthrie has the only mile track in Southern Kentucky. Five thousand dollars in purses and premiums have been offered.

JOLLY AT MADISONVILLE

Will Speak There the First Day of Circuit Court.

Monday, September the 25th.

Hon. Geo. W. Jolly, Republican nominee for Congress in the Second District by the verdict of the people, will speak a Madisonville on the fourth Monday in September, the 25th instant, first day of Circuit Court.

Mr. Jolly is the central figure in the politics of the Second District just now, standing as his supporters and the people of other parties believe, the true choice of the Republicans of the district. He is a most able speaker and has so much to tell that it is of interest to everybody that he is sure of a big hearing wherever he goes.

Mr. Jolly will open his campaign by speaking in the Tabernacle at Henderson to a big mass meeting of Republicans on Saturday September 17th, about which see notice elsewhere, and is arranging dates for Webster and Hopkins Counties, which will be announced in good time.

HIS LAST SERMON.

Farewell, God-Speed and Hand-Shake with Rev. C. C. Hall.

Rev. C. C. Hall, who has been pastor of the Methodist Episcopal Church here for the past two years, preached his last sermon at this place Sunday night. The service was held at Assembly Hall. It is considered certain that he will not be returned to this work, and many friends outside of his own congregation were present to say farewell. After the sermon Mayor W. F. Burr made a short talk as spokesman for the friends outside of the M. E. Church and expressed great friendship for and appreciation of Bro. Hall and deep regret at his departure.

It was in some degree a repetition of the love feast that was held last year when it was thought that Bro. Hall would be moved.

In going to a new field of labor he takes with him the friendship and esteem of the whole community.

A "Bumper" Hay Crop.

The largest hay crop on record has been gathered and secured generally in good condition, according to the Orange-Judd Farmer. In some localities, indeed in a few states, it has not proven so large as likely six weeks since, but the shrinkage from the highest promise is not great. The drought which has so seriously effected all growing crops in the great central valleys came too late to materially cut down the average yield of meadows, in fact it came just in time to furnish almost ideal weather for harvesting the crop in the majority of states. It is, of course, too early to definitely state the results of the year's harvest, but the uniformly favorable weather conditions which prevailed from the opening of spring up to the date of harvest made it certain that all previous records have been passed.

Notice.

I have a very handsome piano on exhibition at the residence of Mr. James Fegan, of Earlington. I should be glad to have any person interested in the purchase of a piano, call at Mr. Fegan's and examine the piano.

He is a wreck in mind and body, caused by old age, being seventy-four years old. He is one of the oldest practitioners at the Mayfield bar and served two terms in Congress from this district. He was formerly a Republican leader in the First District, but in later years affiliated with the Prohibition party. He had been bedridden since April.

Feast in the Wilderness.

From the Kentucky New Era. The colored people in the vicinity of Elmo, in the southern portion of this county, have inaugurated their annual series of religious services, known as "The Feast in the Wilderness." Rev. Roy Carter and Rev. Wm. Willis are conducting the services, and hundreds of colored people from all the surrounding country are in attendance upon them. Many of the meetings are held in the open woods, and the enthusiasm often reaches such a high state that the services keep up all night.

Our School.

The public school opened here Monday morning with good attendance. The same teachers are in charge as last year. Mrs. Ida E. Walker is principal and her assistants are Mr. E. B. Bourland and Misses Minnie Bourland and Laura Ligon. All parents in the district should take advantage of the opportunity offered them of free schooling for their children for nine months in the year, and see that their children attend regularly as the law requires.

Money for Teachers.

Frankfort, Sept. 5.—Treasurer Long announced today that he will pay 40 per cent. of the common school fund indebtedness October 1. This is the first time this money has been paid when due during the present administration, and results from the fact that sheriffs have paid more promptly than usual. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine, and have the satisfaction knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call on St. Bernard druggist, and get a trial bottle free. Regular size 50c. and \$1. War Stamps.

Washington, D. C., Star. "The stamp-collection business never had a bigger boom than it has now," explained a prominent philatelist to a Star reporter, "in consequence of the internal-revenue war stamps manufactured in accordance with the recent law. The stamp collectors think that the stamp collectors will take up over \$200,000 worth of stamps. Already orders have been received from all parts of Europe, from trade and private collectors as well, although it is hardly known yet in many parts of Europe that a new set of internal revenue stamps has been ordered. It is estimated that there are in this country alone 60,000 stamp collectors. If they all include in their collection their postage stamps it is easy to be seen what an amount of stamps they will need to supply them."

JOLLY AT HENDERSON.

Making Preparations to Open an Aggressive Campaign.

Big Mass Meeting There on September 17th.

Hon. Geo. W. Jolly, the choice of the Republicans of the Second District for Congress, will inaugurate a vigorous campaign at Henderson Saturday September 17th. There will be a rousing mass meeting and Mr. Jolly will speak in the Tabernacle, which has a seating capacity of 4,000.

One of Mr. Jolly's supporters said: "It will be a stunning affair if everything goes through as we have planned, and I am pretty certain that everything will be a go. * * * You have no doubt noticed that there are many Republicans taking an active part in politics this year who have for several years taken but little interest in politics. They see that the party is going to demit bow-wow in the hands of certain party leaders and they are going to redeem the party from such leadership."

Special trains will be run over the "Texas" railroad to accommodate the Republicans of Davies and Hancock counties and special rates will be made on all roads leading to Henderson. A good delegation is expected to go from Hopkins and Webster.

Red Cross.

Hartford Times.

Henry Dunant, the founder of the Red Cross society, is now about seventy years old, and for the first time in many years is living in peace and comfort. The story of his life has a pathetic interest. In accomplishing his great work, he spent half his fortune, and subsequently lost the remainder in unfortunate business undertakings. Then for many years he lived poor and unfortunate in a plain district infirmary which he himself had founded. Recently he has been restored to comfortable independence through the pensions granted him by the dowager empress of Russia and the federal council of Switzerland, and the generous gifts of money sent him by the citizens of Stuttgart.

Hopkinsville, Ky., Sept. 5.—Harvey Redman, foreman on the farm of C. W. Ransom, near Kennedy, shot and wounded Peter Leavell, a colored tenant on the farm Sunday evening. Wesley Leavell, Peter's brother went to Ransom's house and got into a dispute with Ransom over the tobacco crop, and Peter was going to his help when Redman secured a pistol, and going to Ransom's assistance, opened fire on Peter Leavell. The ball went through his lung and lodged near the backbone. The wound is very dangerous and will probably prove fatal.

The War of The Future.

[From The Louisville Post.]

If we are to have a war hereafter it must be a war so arranged that no one can regret it.

It must be a war in which no one can be hurt, and all wounds or death being in violation of regulations must be investigated by a Congressional committee.

There must be an abundance of food, and it must be of the most varied character.

Water must be Apollinarian water, exclusively furnished in ice bottles.

Eggs must be "laid on the table" at every meal.

Men must not be permitted to overtax themselves.

Guard duty must be performed by some electric contrivance. Soldiers must all be kept within a climate to which they have been accustomed.

All campaigns must be arranged after the summer heat, before the winter cold, and all rains must be forbidden.

Transportation by sea must be arranged only in a calm, as seasickness unnerves a soldier as it does a private citizen.

In other words, war, instead of being a long tragedy, must be a long, sweet song; a regular honeymoon in fact, and soldiers must be encouraged to enlist in the same regiment as their wives. If they are not married they must be ordered to marry.

Instead of forced marches, trolley lines must be constructed ahead of the army, under some international agreement. Assaults must be bloodless, and any nation using any thing except blank cartridges and smokeless powder should be excluded from benefit of clergy.

KENTUCKY NEWS NOTES.

Hon. Geo. W. Jolly made a speech at the Fair grounds, Owensboro, on the occasion of the celebration of Labor Day. Hon. Henry D. Allen, R. W. Slack and J. B. Clark were the other speakers of the day.

Ten negroes were arrested at Corydon, charged with the murder of William Wilson and landed in jail at Henderson. Some of them have been released.

The "Texas" road will run special trains to the Owensboro fair this fall and the L. & N. has made special rates and will run special trains from Bowling Green.

The public schools of Henderson opened Monday with a flag raising and the singing of patriotic airs at each of the public school buildings. Addresses were made by Judge Jno. F. Lockett and W. J. Peters, Elder E. J. Willis and A. O. Stanley.

Judge Dorsey delivered a very strong charge to the Grand Jury at Henderson upon the question of murder. There are five murder cases docketed for the present term of the Henderson circuit court.

More than 100 criminal cases are docketed for the Henderson circuit court now in session.

Hartford has again fought the local option battle in an election held last Saturday. The election held in June last was held to be invalid upon some technicality. The majority for the dries was 13 on Saturday. The town has four saloons whose licenses run almost a year.

Mr. R. C. Watkins, traveling freight agent of the Illinois Central Railroad, who was injured by the explosion of a heater in one of the coaches of that road some months ago, has gone to New York for expert medical treatment.

Mrs. Ada Layne, a popular milliner of Hopkinsville, was thrown from her buggy and painfully injured Tuesday morning. She and her two children were thrown out as the horse ran away and made a turn. Neither child was hurt, but she received a deep scalp wound and was severely bruised.

For Revenue Only.

Louisville Post. Gen. Boynton, Gen. "Joe" Wheeler and Gov. Black are united in saying, after an investigation, that the condition of the army is not at all desperate, and in showing that the "specials" written in New York garrets by penny-a-liners are a strange mixture of lies and half truths made for purposes of revenue only.

Thirty-Third Annual Conference Of the A. M. E. Zion Church.

Convened Here Yesterday.

Bishop Petty Here and Bishop Clinton Expected.

The thirty-third Annual Session of the Kentucky Conference of the A. M. E. Zion Church convened here yesterday with Bishop C. C. Petty presiding. Presiding Bishop G. W. Clinton is expected to arrive to-day. Among the prominent officers of the church present at the opening of the conference were Mrs. M. E. Washington, vice-president Ladies Home and Foreign Missionary Society; presiding elder, J. B. Johnson, of this district, and presiding elders E. H. Curry and J. L. Seelman.

A large attendance is expected during the week and especially on Sunday when a big excursion will be run from Evansville and intermediate points.

Preaching services are held every night in Assembly Hall.

Dr. W. H. Chambers, of Louisville, pastor of the church at Greenville, Ky., was made secretary of the Conference. Bishop Petty's wife accompanied him.

LOCOMOTIVE BLASTS.

The fourteenth convention of the Brotherhood of Locomotive Firemen, which opens in Toronto September 12, promises to be one of the most deeply interesting in the history of the organization. The membership of the present convention will reach the high figure of 28,000, with 547 lodges, and 552 of these represented at the convention. It is anticipated that every Grand Lodge office will be bitterly contested.

The Louisville & Nashville is about to place in service the new freight cars built for it. These new cars will differ materially from the ordinary box cars in so far that they will be much larger and roomier, almost approximating in size the furniture cars now in use on the various lines throughout the country. The object in building the cars so large is to offer better facilities for the transportation of the lighter class of the bulky goods, especially for empty casks, barrels, boxes, crates and other receptacles of freight.

Capt. Ed Sencerbox, who was engineer on the E. & G. branch railroad, and who, according to the Elkton Progress, made his last run in June, 1897, died last Sunday afternoon at Elkton. He had been an invalid from rheumatism and kidney trouble. He was forty-eight years of age and leaves a wife and two interesting children.

Your Taxes.

Should be paid to the city tax collector, Mr. J. T. Barnett without delay—if you have not already paid. It is nearly time for another assessment and many have not paid their tax for 1897. The collector has been lenient and the time is past when all tax should be paid under the requirements of the law. Let's all do our duty and make it easier for the city collector.

Dan Murphy fell from a trestle in the dark Tuesday night and bruised his right shoulder painfully. His face was cut also but not seriously. Dan was navigating in the dark back of the railroad shops and missed his footing, falling headlong about 12 feet. His escape was fortunate.

Better Than A Klondike Gold Mine. Good health is priceless when once lost. When you have a slight cold or cough invest \$5.00 in a bottle of Dr. Otto's Spruce Gum Balsam. The returns are greater than a half interest in a gold mine, as gold cannot be lost but health, beware of a slight cold.

Something New in Earlington.

J. M. Victory & Co., always abreast of the times, have introduced a new feature in the shoe business. They have purchased a fine Boot-black Stand and secured an expert boot-black, and in the future all shoes purchased of them will be shined free of cost. This is filling a long felt want, and the people of Earlington will evidently appreciate their liberality and enterprise by purchasing their shoes at this first-class shoe store. They claim they can fit any foot in the county
